

# Enrichment Homework

## Autumn 1

**Year Group:** 7

**Subject:** Science

**Link to learning:** This half term Year 7 are studying the particle model. This task will look at diffusion and its link with the current COVID-19 situation

### **Task:**

You need to produce a public health information leaflet advising the British public on how to prevent the spread of COVID-19 and explaining the science behind how it spreads.

Your leaflet will require the following sections:

- How does COVID-19 spread? (think about the scientific principle behind it).
- How can we limit the spread of COVID-19?
- How can we prevent outbreaks of other airborne diseases in the future?

### **Expectations:**

Your leaflet needs to be written in a formal tone and be clearly presented. it can be handwritten or typed up but must include colour and diagrams/illustrations demonstrating the concept of the particle model. Remember to pay attention to your spelling, punctuation and grammar.

**Due date:**

Monday 17th  
October 2022
