

# Enrichment Homework Summer 2

**Year Group:** 6

**Subject:** French

**Link to learning:** .

Free time activities

## **Task:**

Research a team or sports person from a French speaking country (remember that it isn't only France where French is spoken!) and choose one that you find most interesting. You don't have to go for an obvious choice, in fact I would rather that everyone didn't write about the French national football team! I would like you to then produce a fact sheet where you tell me as much as you can about the name, origin, sport, successes – and failures! – and significant points of interest.

## **Expectations:**

- You can produce this piece of work in English but it would be nice if you could produce a glossary (a list of key words that are of relevance) so that you are able to show off some brilliant French! For example “équipe = team” would suit this task.
- If you need to look up any words, use [www.wordreference.com](http://www.wordreference.com) plus I can provide you with a topic vocab booklet if this helps.

**Due date:**

Monday 18th July  
2022
