

Enrichment Homework

Summer 2

Year Group: 6

Subject: Computing

Link to learning:

Last half term Year 6 were studying how to use google sheets and microsoft Excel, they learnt how to format cells, use formulas and use autofill.

Task:

To complete a series of tasks using google sheets. You will need to see Mrs O'kane to be given all of the information about the tasks, you will be asked to format cell, use formulas to complete calculations and create graphs and charts.

Expectations:

See Mrs O'kane to collect the googlesheets activities. These need to be completed independently, you will need to take screenshots of your work and create a learning log of your tasks.

In your enrichment book you will need to have a copy of all completed tasks as well as annotations of what you have been asked to do.

Due date:

Monday 18th July
2022
