

Enrichment Homework

Summer 2

Year Group: 5 & 6

Subject: P.E

Link to learning: This half term, KS2 will be learning key skills in both cricket and rounders.

Task: Create a 'how to' instruction leaflet/guide for either cricket or rounders for younger pupils explaining the sport. Be sure to do your research first.

Use subheadings to break down the information down into key terms. For example: rules of play, batting technique, bowling skills, fielding etc.

Expectations:

Use pictures to support your writing and captions to explain the pictures attached. These pictures could be found online but it would be even better if you took them yourself!

Take care with presentation, make sure your work is created with care and is checked carefully for any grammar, spelling and punctuation mistakes.

There may be points in which you want to use bullet points, this text certainly lends itself to this.

Try using subordinating conjunctions to make your writing more coherent.

Due date:
Monday 18th July
2022
